Re: Second Quarterly December 2009

Calendar stubs have been slow coming in. I only have about half on report. Remember that January 1 we start pay out on the daily number. You should be sending in your money and tickets before the first of the year so we can start paying the winners. If you have sent in your tickets and not paid you will not receive a check if you have a winning number. Please help us help you.

I have only received one request for more youth and Veterans tickets. I will be bringing V&Y tickets to the quarterly meeting and will ask that the District Vice's take some with them. We have a few Detachments that are not selling any tickets for one reason or another. I will be asking the District Vice's for help on this.

The budget is coming up and the committee will need your help, so please let us know what your expenses will be. We will need this information at this quarterly staff meeting.

Pictures, pictures, pictures, we need them for the 2011 calendars. Please send all pictures to Angie Heck, Graphics Committee as soon as possible.

We are ordering 2011 Youth and Veterans tickets. The card stock will be a different color for 2011.
