Comments:

We need to somehow fill a void for Toys for Tots that will be created when the reserve center in Willow Grove is closed. The Foundation is looking at problem, but we need a Marine Corp Det. to step up.

There is also a concern with Marine Corps League Detachments running unauthorized Toys for Tots programs.

If your Detachment is doing a Toy for Tots campaign this year please send me you're after action report when you send it to the foundation. And I hope you have a highly success full campaign.
