Sir Commandant, Southeast District report January 2008

15 January thru 15 February 2008

Attended New Jersey Quarterly Staff meeting, Trenton

Attended funeral service for PDC John Moyse

A Southeast District meeting was hosted by the Chester County Detachment, thanks to Commandant Bill Tapper and his staff for their hospitality.

The District has 21 Detachments, 12 were present, including 36 members.

The only issue left unanswered is, after making payment for League address labels, one receives a second bill. This can cause frustration and be annoying. The question/complaint was addressed but not answered on sight.
